MESSAGE FROM THE FOUNDERS

Anthony Bones-Co-founder and Board chairman

The deepest desire of our hearts has finally come to fruition in 2024. This year has been thrilling for me, as we successfully launched our programs. It was a significant leap of faith, considering we were uncertain about the outcome. I am truly thankful to God and to all our incredible supporters who made it possible for us to embark on our mission. My aspiration is to foster a more inclusive and welcoming society for those affected by neurodevelopmental disabilities. I believe that by empowering the communities we serve, we will gradually bring our vision to life, one step at a time.

I find inspiration in the quote, "Courage is doing the thing you fear the most. If you're not afraid, you don't need courage." The bravery we demonstrated has propelled us forward in 2024.

Warm greetings from all of us at the Leroy Bones Foundation! The year 2024 has proven to be a remarkable success for our organization. We set out to implement several key activities and initiatives aimed at making a positive impact on the special needs community. Our efforts included training for teachers, caregivers, and volunteers, raising awareness, and hosting an inclusive fun day, among other initiatives.

We also aimed to strengthen our collaborations with global partners and were fortunate to receive support and an invitation from Northpointe Community Church in Fresno, USA. This opportunity allowed us to attend and speak at the Inclusive Conference held in October.

As we look ahead to 2025 and beyond, we are eager to maintain our momentum, further establish our work, and reach more children in need.

A heartfelt thank you to our advisory board, supporters, friends, and volunteers for making this year a significant stepping stone toward greater achievements.

We also cared for those from the vulnerable communities by offering encouragement.
